

August 2022

ifsam selects Credit Suisse as new cash clearing provider

CREDIT SUISSE 

As of August 2022, ifsam, one of the leading independent B2B fund platforms in Europe, is using cash clearing services provided by Credit Suisse to process payments as part of its Execution 2 Custody Services for all types of investment funds.

This new service standard results in significantly improved service benefits for ifsam's clients and for ifsam itself.

In particular, these include:

- | very competitive cut-off times for payment instructions
- | highly efficient cash flow processing for subscriptions and redemptions
- | higher rate of automation
- | enhanced international coverage

The global coverage of Credit Suisse's services and network will be an important component of ifsam's international growth strategy.

About Credit Suisse

Credit Suisse is one of the world's leading financial services providers, a leading franchise in the Swiss franc clearing and payments space and offers account services in 35+ currencies through its global network. Cash management & reporting, CLS®Services for Settlement Members, Third Parties, and Fund-related FX complete the range of products.

About ifsam

ifsam – a CSSF regulated financial services firm and independent B2B fund trading platform serving professional clients for over 20 years. ifsam is a full-service provider of execution 2 custody services for a number of 135.000 fund units (ISIN) including mutual funds, hedge funds, private equity funds and ETFs. Since inception in 2001, ifsam sees itself as a competent and reliable partner for distributors on the one hand and renowned fund providers on the other.
