Realising Sustainable Values

A solution to climate change requires investment in Asia

Founded in 2003, ThomasLloyd is a specialist independent asset manager and impact investor with offices across Europe, Asia and North America. The firm has a track record of successful investing in sustainable infrastructure in high-growth and emerging markets – primarily in Asia and is one of the largest and oldest investors in this field. With over 10 years of first-hand experience, the ThomasLloyd investment team has demonstrable expertise in originating, financing, structuring and operating private infrastructure projects across the fully project life cycle using its on the ground presence, long-standing network of experts and local partnerships.

ThomasLloyd is an accredited partner of the IFC (a member of the World Bank Group), an authorized partner of the EIB (European Investment Bank) and a signatory to the United Nations Principles for Responsible Investments.

All investment solutions managed by ThomasLloyd are categorized article 9 by the EU Sustainable Finance Disclosure Regulation (SFDR).

ThomasLloyd SICAV- Sustainable Infrastructure Income Fund (SIIF)

The SIIF is one of the world's first fully regulated, open-ended public infrastructure funds. The underlying investment strategy has a successful 10-year track record and invests directly in a diversified portfolio of sustainable infrastructure real assets in the areas of renewable energy in high growth and emerging markets in Asia.

The multi-strategy fund has a dual objective which consists of delivering economic and social progress, whilst protecting natural resources and the environment. It aims to achieve an attractive risk-adjusted return across all market conditions through financing, owning and operating a diversified portfolio of high-quality assets.

The fund is listed on the Luxembourg Stock Exchange and displayed on the Green Exchange, a dedicated platform for green, social and sustainable securities.

For the third year in a row, it has been awarded the prestigious LuxFLAG Environment label.
